FABRIANO®

The Company has always paid particular attention to the natural environment, and therefore has started to produce and use raw materials with low environmental impact in its products. It is a must for the Company to respect the environment where we live, which is why it has become increasingly important for the Papermill to use reliable tools to manage the environmental problems over the last few years. This has led the company obtaining, not only the **UNI EN ISO 9001:2008 Quality Certificate**, but also the **UNI EN ISO 14001:2004 Environmental Management Certification** for all its production plants.

The **FSC Certification** for some products testifies the Company attention towards the complete productive chain, using raw materials (recycled and non-recycled) that safeguard the world's forest heritage. This impressive approach has culminated in a considerable saving in greenhouse gas emission, in full compliance with the **Kyoto Protocol**. This has been possible thanks to the self production of **hydro electric energy** and the **cogeneration** of natural gas.

Tiepolo

Created with 100% cotton, this paperboard is indicated for all printmaking techniques (engraving, lithography, silk- screening, xylography and linocuts). It is mould made, size 56x76 with all edges deckled.
The watermark is fixed point and placed below right on the sheet.
It reproduces the CMF trademark surmounted by a star and enclosed in a circle.
In the 70x100 size the two larger sides are deckled and the watermark runs parallel to them, reproducing the inscription “C. M. FABRIANO 100% COTTON”.
Tiepolo is pH neutral, assuring inalterability over the time.

SHEETS

Reference	Description	Size (cm)	g/m²	Unit/Pack
00011660	white	70 x 100	290	25
00011661	white	56 x 76	290	25

Rosaspina

Made with qualitatively high-level raw material (60% Cotton). Rosaspina is a mould made paperboard and suitable for all printmaking techniques (etching, lithography and silk screening).
The watermark runs parallel to the two larger sides of the sheet and reproduces the Fabriano trademark and logo.
The two larger sides are deckled.

Artistico Traditional White

Fabriano Artistico watercolour paper is mould made, produced with 100% cotton, chlorine and acid free, guaranteeing long conservation and inalterability over time. The paper is sized both internally and externally, making it ideally absorbent and retaining its nature unaltered even if scratched. Traditional white, without optical brightners. Two deckled edges and watermarked “FABRIANO + ARTISTICO” on the short side. Short grain. The high quality and ample offer of this paper satisfies the requirements of all professional artists and the most demanding amateurs. Ideal for watercolour, tempera, gouache, acrylic, ink, charcoal, graphite and drawing. It is also suitable for printmaking.

Artistico Extra White

The Fabriano Artistico paper is mould made with 100% cotton, chlorine and acid free, guaranteeing long conservation and inalterability over time.
The paper is sized both internally and externally, making it ideally absorbent and retaining its nature unaltered even if scratched. Brilliant white, without optical brighteners. Two deckle edges and watermarked "FABRIANO + ARTISTICO" on the short side. The high quality and ample offer of this paper satisfies the requirements of all professional artists and the most demanding amateurs.
Ideal for watercolour, tempera, gouache, acrylic, ink, charcoal, graphite and drawing. It is also suitable for printmaking.

Fabriano Disegno 5

The Fabriano Disegno 5 paper is mould made of a valuable mixture of cotton (50%) and accurately selected raw material. The absence of acid guarantees the inalterability over time of the paper. Ideal for watercolour, tempera, gouache, acrylic, ink, charcoal, wax, graphite, felt-tipped pens, drawing and printmaking (etching, lithography and silk-screening), announcements and invitations.
The watermark reproduces the Fabriano logo and the inscription “50% COTTON”.

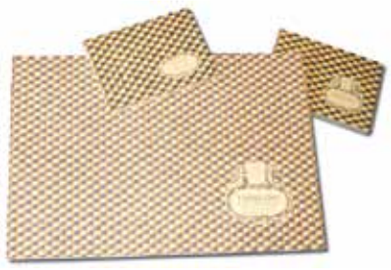
Blocchi per Artisti



The Artists' block represented a synthesis of tradition and quality that has always distinguished the Fabriano trademark. Unmistakable thanks to its refined cover and by now a "must" in the sector.
Mould made paper produced with 50% cotton, acid free, guaranteeing long conservation. The internal and external sizing renders this paper excellent for all wet pictorial techniques. The blocks are glued on four sides to avoid the paper warping when wet. Ideal for watercolour, tempera and acrylic.

Watercolour

The Fabriano Watercolour paper is made of a valuable mixture of lignin free cellulose and cotton (25%). The absence of acid guarantees the inalterability over time of the paper. Produced with 100% of E.C.F. pulp (Elemental Chlorine Free), F.S.C. certified from forests responsibly managed respectful of environmental, social and economic standards. It is sized internally and externally, guaranteeing optimal absorbance. The quality/price ratio of this paper guarantees an exceptional offer for students of fine arts schools and beginners. Ideal for watercolour, tempera, gouache, acrylic, ink and drawing. The surface is cold press.

Tela

The Fabriano oil painting paper Tela has an internal and external sizing that offers an ideal absorption for oil colours.
It is acid free and archival.
The unique paper surface, obtained through a specialized texturing process, creates a surface similar to linen canvas. It is recommended for oil painting techniques.

Roma

Produced with 100% cotton, this handmade laid and watermarked paper has all its edged deckled and is particularly suitable for deluxe editions, fine printing, bookbinding and drawing.
Roma paper is pH neutral, assuring its inalterability over time and is Totally Chlorine Free (T.C.F.). The watermark of this paper reproduces, below left, the inscription C.M. Fabriano, enclosing the image of a wolf suckling two twins within an oval and the inscription ROMA. The laid lines are parallel to the 48 cm side and the chain lines to the 66 cm side.

Ingres

The particular grain of the surface and the highly lightfast colours are the principal characteristics of this laid paper. It is acid free and particularly recommended for deluxe editions, advertising (company presentations, posters, calendars, brochures, leaflets and catalogues), fancy paperwork and book binding applications, drawing (pastel, charcoal) and collage. The grain direction runs parallel to the 100 cm side and the cross lines are parallel to the 70 cm side.

Tiziano

Drawing paper containing cotton. Tiziano is “acid free”, produced with E.C.F. pulp (Elemental Chlorine Free), F.S.C. certified from forests responsibly managed respectful of environmental, social and economic standards. The Tiziano’s colours are higly lightfast. The cold press surface and the good sizing make this paper suitable for pastel, pencil, graphite, charcoal and airbrush. Tiziano can be used for all printing techniques.

ElleErre CartaCrea

This is a series of coloured paperboard, manufactured in pure cellulose in conformity with the ISO 9706 “Long Life” regulation. Produced with 100% of E.C.F. pulp (Elemental Chlorine Free), F.S.C. certified from forests responsibly managed respectful of environmental, social and economic standards. An ample and vivacious range of colours. It lends itself to different uses because of its two surfaces (rough at the back and smooth in front) and its characteristics, suitable in particular for schools, graphic designers, poster artists and all graphic and technical paper uses.

ElleErre CartaCrea

This is a series of coloured paperboard, manufactured in pure cellulose in conformity with the ISO 9706 “Long Life” regulation. Produced with 100% of E.C.F. pulp (Elemental Chlorine Free), F.S.C. certified from forests responsibly managed respectful of environmental, social and economic standards. An ample and vivacious range of colours. It lends itself to different uses because of its two surfaces (rough at the back and smooth in front) and its characteristics, suitable in particular for schools, graphic designers, poster artists and all graphic and technical paper uses.

White Ecological Artist Paper

White ecological drawing paper, acid free, produced with 100% post consumer recycled pulp. Cold press surface very white in comparison with a common recycled paper. Its internal and external sizing makes it ideal for sketches and drawing with pencil, charcoal, pastel, coloured pencil and ink. The use of recycled pulp allows to save 15 trees every ton of paper produced (corresponding to 1.200 blocks). Thanks to hydropower 14.000.000 m^3 of methane are spared, avoiding 26.000 tonnes of CO^2 air emissions. The company respects the Kyoto protocol, certified by the ministerial authorization n.566. The paper is labelled “FSC 100% recycled” guaranteeing that the product is made of post consumer reclaimed material (in this case post consumer waste office paper) in accordance with FSC standards, supporting responsible use of forest resources.

Fabriano Disegno 3 - Nero

The quality of the raw materials and its deep black, which highlights the applied colours very well and is notably resistant to the light, makes Fabriano 3 a high level product. Produced with 100% of E.C.F. pulp (Elemental Chlorine Free), F.S.C certified from forests responsibly managed respectful of environmental, social and economic standards.
It is particularly recommended for pastel, tempera and Indian white ink techniques.

Elle Erre

This is a series of coloured paperboard, manufactured in pure cellulose in conformity with the ISO 9706 “Long Life” regulation. Produced with 100% of E.C.F. pulp (Elemental Chlorine Free), F.S.C. certified from forests responsibly managed respectful of environmental, social and economic standards. An ample and vivacious range of colours. It lends itself to different uses because of its two surfaces (rough at the back and smooth in front) and its characteristics, suitable in particular for schools, graphic designers, poster artists and all graphic and technical paper uses.

*supplied flat A3 with a folding line at the center of the long side.

Protocollo Miliaflex per stampanti

Foolscap paper specifically conceived for notary archives, perfectly suitable for laser and inkjet printing. Printed “stamp use” in front and in full background grey at the rear. In the area corresponding to the lines it carries the inscription “space not usable” in negative. High substance paper, Miliaflex watermarked, produced with high quality cellulose and neutral gluing, guaranteeing perfect conservation over time (200 years). Produced with 100% pure E.F.C (Elemental Chlorine Free) cellulose - Acid Free with alkaline reserve guaranteeing long conservation – Long Life (ISO 9706).

Protocollo Uso Bollo per stampanti

Foolscap paper suitable for inkjet printing. The continuous module protocol has been conceived for impact printers. The easy to handle container together with the micro-perforations and the lateral dragging holes make supplying the printer particularly easy. Both types are “stamp use” printers in front and in full background grey at the rear. In the area corresponding to the lines they carry the inscription “space not usable” in negative. Produced with 100% pure E.F.C (Elemental Chlorine Free) cellulose - Acid Free with alkaline reserve guaranteeing long conservation – Long Life (ISO 9706).

Correspondance Papers

Secolo XIII
Florentia
Minerva
Medioevalis

Secolo XIII

Handmade paper for correspondence and announcements. Produced with 100% cotton. T.C.F. (Total Chlorine Free). Acid Free with alkaline reserve guaranteeing long conservation – Long Life (ISO 9706). The edges of the sheets and the envelopes are deckled. The laid lines are parallel to the larger side and the chain lines to the shorter side on the sheets. A star appears on the watermarked sheets (top centre) and (bottom centre) the inscription FABRIANO/SEC. XIII (on two lines). Instead, on the envelopes at the centre of the side to print, the watermark reproduces a star.

TOTAL CHLORINE FREE GUARANTEED

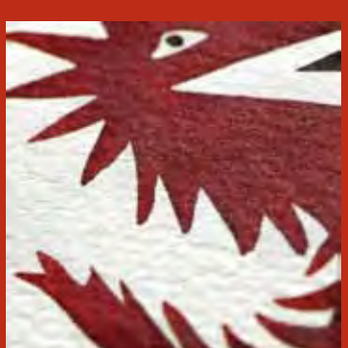
FABRIANO boutique

Luxury Design Stationery



Fabriano Boutique produce una gamma di articoli preziosi e utili, adatti a concedersi un lusso quotidiano. Tutto ciò che si trova nelle boutique è stato disegnato da Fabriano e realizzato in Italia da artigiani altamente qualificati utilizzando solo i migliori materiali. Quando si entra in una boutique Fabriano si entra in un mondo di stimoli tattili e visivi, di idee nuove e impreviste, tutte realizzate con fantasia, stile e attenzione per i dettagli. I nostri prodotti sono l'ideale per regali eleganti e di pregio, e le collezioni vengono sviluppate e rinnovate regolarmente.

Fabriano Boutique create a range of delightful and useful articles based on paper for the non-professional community as well. Everything available in the boutiques is designed by Fabriano and made in Italy by highly skilled craftsmen using only the best materials. When you step into Fabriano's boutiques you enter a world of tactile and visual stimulation, full of new and unexpected ideas, all made with great imagination, style and attention to detail. Our products are beautiful and useful, making ideal presents, and the collections develop and change regularly.

FABRIANO boutique

Il **display Fabriano** nasce per offrire al pubblico quaderni, blocchi e articoli da regalo di design e qualità italiana ad un costo accessibile,
Con oltre 270 prodotti 100% made in Italy, realizzati con carte di pregio certificate FSC, Fabriano soddisfa tutte le esigenze del cliente medio di una cartoleria/libreria. Il forte impatto visivo dato dai colori dei prodotti e dalla funzionalità dell'espositore, interamente prodotto in legno e plexi, con una base di 38 per 48 cm e un'altezza di 157 cm, costituisce elemento distintivo rispetto allo standard espositivo degli altri display.

I prodotti in esposizione sono caratterizzati da un'elevata rotazione e sono eco-compatibili, essendo realizzati con carte Fabriano e Fedrigoni che garantiscono il rispetto ambientale in ogni fase del processo produttivo. In cima al display sono posizionati articoli da regalo ideati per concedersi un lusso quotidiano ad un prezzo accessibile.

Ogni anno verranno appositamente studiate nuove collezioni da esporre sul display al fine di rinnovare la gamma di prodotti e garantire ai clienti un'ampia scelta ricca di novità.

The **Fabriano display** case offers the public the opportunity to buy exercise books, pads and gifts that are of Italian design and quality at an affordable cost.
With over 270 products that are 100% made in Italy with FSC certified high quality paper, Fabriano is able to satisfy all the needs of the stationer's or bookshop's mid-range client. The strong visual impact that comes from the colorful products and the stylish functionality of the display tower, entirely produced in wood and Plexiglass, whit a base of 38 by 48 cm and a height of 157 cm, constitutes a distinctive element with respect to standard display units.

The products on display all have a high turnover and are eco-compatible, being made from Fabriano and Fedrigoni paper wich guarantees respect to the environment at every phase of production. The articles displayed at the top of the tower are gift items so thet the client can allow him/herself daily luxury at an affordable price.

Every year new collections for the display case will be put forward, mantaining a wide range of products and ensuring that the client's choice is always rich with novelty.
